

Bagshot Infant School Accessibility Plan 2016-2019

Plan approved: November 2016
Plan Reviewed: Annually
Governor committee responsibility: FGB

Purpose of the Plan

The purpose of this plan is to show how Bagshot Infant School intends, over time, to increase the accessibility of our school for disabled pupils

Definition of Disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day- to -day activities

Legal background

The Equality Act 2010 outlaws discrimination by schools and LEA`s against either current or prospective disabled pupils in their access to education It is a requirement that the school`s accessibility plan is resourced, implemented and reviewed and revised as necessary.

This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- Increasing the extent to which disabled pupils can participate in the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits)
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services (this includes improvements to the physical environment of the school and physical aids to access education)
- Improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.(this will include planning to make written information that is normally provided by schools to its pupils available to disabled pupils. Examples might include handouts, timetables, textbooks and information about school events. The information should take account of the pupils` disabilities and the preferred format of pupils and parents and be made available within a reasonable timeframe

Bagshot Infant School aims to treat all stakeholders, including pupils, prospective pupils, staff, governors and other members of the school community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage.

The school aims to work closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life.

The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils.

As part of the school's continued communication with parents, carers and other stakeholders we continually look at ways to improve accessibility through data collection, questionnaires and parental discussions.

Contextual Information

The school was opened in 1870 and subsequently extended in 1905. There are a number of outbuildings spread over the site. The school has disabled facilities such as hoists, lifts and ramps and disabled toilets. Wheelchair access is available through all entrances into all building. All areas of the school grounds are accessible to wheelchair users, although an area in the school field may give restricted access unless accompanied by an adult.

The school has status as a Special Needs Support Centre for children with physical disabilities and additional educational needs such as Autism

The Current Range Of Disabilities Within Bagshot Infant School:

The school has children with a range of disabilities which include moderate and specific learning difficulties and physical disabilities. When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents.

At present we have 1 wheelchair dependent pupil, 1 pupil with specialist walking equipment and some parents with mobility impairments.

We have a number of children who have asthma and all staff are aware of these children. Inhalers are kept in the medical room and a record of use is noted.

We have competent First Aiders who hold current First Aid certificates. All medication is kept in a central safe and secure place which has easy access for First Aiders and staff members.

Bagshot Infant School Accessibility Plan 2016-2019

Equality and Inclusion				
<i>Target</i>	<i>Strategy</i>	<i>Outcome</i>	<i>Timeframe</i>	<i>Achieved</i>
