

### Reading Awards

We have recently started our reading awards again. If the children read 5 times a week they will get a gold star. After 5 gold stars they will get a reading award which is a card that is given out in assembly (these are happening virtually at the moment). After 5 cards the child will then get a reading book as a prize for doing so well with their reading.

### Part Whole Model

In Maths we will be starting to use part whole models. We use these to help children understand that numbers can be split into 2 (or more) parts. The whole number goes into the top circle and the two part numbers go in the bottom two circles.

### Assessment week

This week it is assessment week. We will be assessing the children in their writing, reading, phonics and Maths.

Due to the time this takes, we will not be reading with the children this week. Please continue to read with your child at home and change their books independently.

### This week we are learning ....

English	We are assessing the children in their writing this week. We will be writing a story based on a magical bird.
Maths	This week we are moving onto addition and subtraction. We will be looking at the part whole model, the + sign and number bonds to 10.
Phonics	This week in phonics we are working in phase 3. We will be recapping the sounds oa, oo, ar and practise reading, spelling and writing the tricky words no and go.
Handwriting	We are practising our handwriting every day now in our handwriting books. This week we would like you to practise capital letters. Please practice the capital letters A B C D E F G at home.
PE	This week we are working on our ball control. The children will practise dribbling a ball around cones, kicking a ball at a target, throwing and rolling a ball at a target this will help their hand eye coordination and focus. If it is wet, we are doing dance. The children will learn how to create a dance by listening to the beat of the song and creating a pattern of dance moves.
